

BRNO CITY TRANSPORT PASS

For regular travel around Brno we recommend you to purchase a monthly or a quarterly pass.

If you are a student **under 26**, you are entitled to a reduced student-rate pass for two zones (100 and 101) which is the most practical (cost: **275 CZK per month/ 685 CZK quarterly + a plastic card cover** for 30 CZK). If you are 26 or over, you will need a regular pass (550 CZK per month/ 1370 CZK quarterly plus a plastic card cover for 30 CZK).

There are two ways of getting your transport pass:

Way n. 1: paper transport pass

Take your **ID document** (passport), a **photo** and your **ISIC card** (read our information e-mails before your arrival to find out how to obtain the ISIC card) to one of the DPMB stores, for example at the main station. Your student buddy can go with you and help you get the paper transport pass. This way is recommended to one-semester students.

Where to buy a transport pass

Way n. 2: electronic transport pass

Since 2017, it is possible to buy an **electronic transport pass** online. You will need a contactless bank card (it will be your ticket carrier) and a card with authorised online international payments to pay for the ticket. First, you have to **register online**. After your arrival in Brno, you have to go to one of the **DPMB shops** once to verify your **Brno ID account** and then you can buy your monthly/quarterly tickets online. Prices are the same as for the paper transport pass above.
